Overview of Robin Norwood?s Women Who Love Too Much

Robin Norwood?s groundbreaking book, Women Who Love Too Much, first published in 1985, has helped countless women recognize and understand their patterns of over-giving and self-sacrifice in romantic relationships. The book emphasizes that loving excessively can stem from deep-seated emotional wounds, childhood experiences, and the desire for validation. Norwood argues that women who love too much often find themselves trapped in unhealthy cycles, repeatedly choosing partners who are unavailable or abusive.

Core Themes of the Book

1. The Roots of Excessive Love

Women who love too much often have underlying emotional issues that drive their behaviors. These may include:

- Childhood neglect or emotional abandonment
- Low self-esteem and feelings of unworthiness
- Unconscious patterns learned from family dynamics
- A desire for love at any cost, often linked to fears of loneliness

2. The Pattern of Repeated Unhealthy Relationships

Norwood highlights that many women are drawn into cycles of:

- Initial infatuation or 'chemistry'
- Patronizing or unfulfilling relationships
- Persistent hope for change or salvation of their partner
- Repeated heartbreak and emotional exhaustion

Women who love too much often deny their own needs and prioritize their partner's happiness over their own. This self-sacrifice can lead to:

- Overinvestment in relationships to feel valued
- Belief that they are only worthy if they love unconditionally
